Henry Walker

Nutritional Professor, Master of Science in Human Nutrition Japan, E-mail: henrywalker3456@gmail.com

24th Asia Pacific [Nutrition](#) Meet and Expo 2020 is one of the leading community based events of its kind bringing together professionals in the field of nutrition from around the globe representing all branches of the nutrition, researches, developments, technology, equipment; all converging with the intention to inspire and transform collective knowledge into innovative solutions to help evaluate our planet with best healthy nutrition

Nutrition is an important support of human life, health and development across the entire life span. Good health is important to living a productive life, meeting basic needs and contributing to community life, Nutrition leads to a Healthy life style promotion. [Health](#) and nutrition is an increasingly important preference for populations around the world. Nutrition is increasingly concerned with metabolic paths and metabolism, the sequence of biochemical steps through which substances among living organisms change from one form to another. Nutritional well-being depends upon four main factors: food, care, healthiness, and atmosphere. Food safety and nutrition is of prime importance, unhealthy intake and nutritional deficiencies are the major causes of the deaths.

Asian Nutrition 2020 offers a unique opportunity to exchange ideas with renowned professionals from across the world. This conference offers a great opportunity to the clinicians, [nutritionists](#), healthcare professionals, academicians, physicians, students and young researchers to discuss their research works, reviews and case reports in front of international listeners. Asian Nutrition 2020 also provides a chance to interact with the global experts on the recent challenges in the nutritional science and how to tackle them. Companies dealing with the nutritional supplements, nutraceuticals, probiotics, prebiotics and healthcare products can exhibit their products at the [Asian Nutrition 2020 Exhibition](#) to gain international visibility.

The conference Asian Nutrition 2020 aims to promote the scientific collaboration, to bring together the world's scientific experts to discuss the latest challenges in the

field of nutrition, to unleash the recent advancements in the field of nutrition and food sciences, creating a platform to discuss the recent advancements in the Medical Nutrition Therapy (MNT) and also to highlight the importance of nutrition in human healthcare and well-being.
